

*Building Foundations That Last A Lifetime...*

## Your Horse's Packing List for Pony Farm

If you are bringing your horse with you to Pony Farm, use this check list to make sure your horse has everything he or she needs. We want to make sure that you and your horse have a wonderful camp experience.

**Please Note:** At Pony Farm, safety comes first, especially when riding and working around horses. We respectfully ask that you **check every item of your horse's tack and ensure that it is in good repair.** The safety of all the campers, staff, and horses depends upon sound equipment, properly used.

### Veterinary Paperwork

- Negative Coggins test within 1 year (in-state horses) or within 6 months (horses from outside NH)
- Proof of current vaccinations (required by NH law):
  - Rabies
  - Eastern/Western equine encephalitis
  - Rhinovirus/flu

We also **highly recommend** that you vaccinate your horse for strangles, West Nile virus, and tetanus, although these are not required by NH law.

### Grooming Supplies

Please bring the following items in a sturdy box marked with your name (items should have your name on them, too):

- Curry comb
- 2 brushes
- Mane comb
- Hoof pick
- Rub rag (such as an old dish towel)
- Scissors
- Sponge for your horse
- Leg bandages and padding
- Glycerine bar
- Sponge for cleaning tack

### Tack

- Bridle
- Saddle
- Girth
- 2 clean saddle pads. If you want to show your horse during camp, please bring an appropriate show pad.
- Any special equipment your horse needs, such as a martingale, Wintec pad, cribbing strap, etc.
- Crop
- 2 lead ropes
- 2 halters

### Stable Equipment

- 3 buckets: 1 for water, 1 for grain, 1 for washing
- Hay net (optional)
- Fly spray (Your horse will need it. We have lots of bugs in New Hampshire!)
- Fly mask for turnout
- Fly bonnet (optional but recommended)
- Fly sheet (optional)
- Any medicines or special extras your horse needs
- Your horse's current feed schedule

**PLEASE MARK EVERYTHING WITH YOUR NAME!**

**EXAMPLE:**
